## 2024 NASBP ANNUAL MEETING & EXPO

# ALL IN for NASBP

Dear Surety Friends,

I hope the NASBP membership is "ALL IN" for the 2024 Annual Meeting & Expo that will be held April 14 - 17 at the JW Marriott Austin in downtown Austin, TX.

Chairs Matt Cashion and Mark Duggan and their Program Committee have worked hard to develop content that will inspire our future, but also reflect on the past. Building off the 2023 NASBP Fall Meeting sessions, we continue to educate our members about the Enron loss and the profound impact it had in the early 2000s. Are we certain that the decisions we make today can withstand an economic downturn; and are we, as an industry, being mindful of the credit that is put at risk on bond forms? The 2023 NASBP Fall Meetings featured sessions on Enron that focused on failed leadership ethics and a deep-dive underwriting panel, and now in Austin we will hear from Andrew Fastow, former CFO of Enron, as a keynote speaker to give the final pieces of the Enron puzzle.

We will officially kick the meeting off on Sunday evening with a rooftop welcome reception at the JW Marriott Austin. And this year will feature multiple changes and updates, the most anticipated is a Tuesday afternoon themed entertainment event called **"ALL IN Texas Hold 'Em Poker Tournament"** (in lieu of a golf event). There is no entrance fee, as this event will be complimentary for all registered attendees and their registered spouses/guests who wish to participate and will feature refreshments and snacks, heated competition, and fun prizes.

The Tuesday night final event will be a short walk up the street to the [Speakeasy Austin](#), a truly unique venue with multiple floors to explore, a rooftop terrace, local bourbon tasting, games, food, and custom cocktails. Featuring different options for musical entertainment, you can dance the night away to '80s hits from the Spazmatics or opt for a quieter ambiance to have a conversation with background acoustic music. The venue will truly have something for everyone.

Now is the time to register and secure your hotel accommodations. We'll keep you informed with periodic updates as we get closer to the event.

Jamie and I are looking forward to seeing you in April!

Best Regards,  
Patrick Pribyl, *NASBP President*

**"Why Does Enron Keep Happening?"**

Andrew Fastow, *Former CFO of Enron & Expert on  
Financial Ethics*

We live in the age of corporate problems and disasters. From Enron to BP, AIG, J&J, 3M, General Electric, Boeing, Credit Suisse, and Silicon Valley Bank, to name a few—seemingly great and iconic companies that have been harmed or destroyed by self-inflicted wounds. What has changed? Are we worse at compliance? Are we less ethical? Has corporate culture changed significantly? The leaders at these organizations did not set out to do harm. Their challenges arose from an inability to lead their teams through and to the right decisions in what we call the Gray Zone—that place where creative application of complex and ambiguous rules allow us to get to a technical answer that may be the wrong solution and even criminal. Andy Fastow spent six years in federal prison thinking about his role as CFO at Enron. He is now a sought-after public speaker who consults with Boards of Directors on ways to help leaders not only avoid the type of mistakes Fastow made but make better, more transparent business decisions.
